Workshop “**New Developments in Economic Dynamics**”

November 5, 2019, DESP, University of Urbino, via Saffi 42

Aula del Consiglio

Mattino ore 10.30-12.30 Chairman: Giuseppe Travaglini

Serena Sordi (with M. Dávila Fernandez): From open economies to attitudes toward change: Growth and institutions in Latin America and Asia

Malgosia Guzowska (with E. Michetti and F. Grassetti): Continuous versus discrete-time modeling in economic applications

Elisabetta Michetti (with L. Fanti, L. Gori, and C. Mammana): Synchronisation and on-off intermittency in a symmetric competition model

Pomeriggio ore 14-18 Chairman: Gian Italo Bischi

Raffaella Coppier (with E. Michetti and S. Brianzoni): Evolutionary effects of non compliant behavior

Francesca Grassetti (with C. Mammana and E. Michetti): Poverty traps and economic stagnation, a dynamical analysis

Edgar Sanchez (with A. Gubal): Network structures and poverty traps

Iryna Sushko (with L. Gardini and K. Matsuyama): A piecewise linear model of credit traps and credit cycles, a complete characterization

Germana Giombini (with G. Calcagnini, L. Gardini and E. Sanchez): Does too much liquidity generate instability?

Pasquale Commendatore (with I. Kubin and I. Sushko): the dynamics of a two-class growth model with optimal saving and switch in behavior

Davide Radi (with G.I. Bischi and F. Lamantia): Offshoring, reshoring, unemployment and wage dynamics in a two-country evolutionary model
